Percentage : 65.69 June 2019 - March 2020

Savitribai Phule vidyalaya, Dharashiv — SSC
Percentage : 89.60 June 2017 - March 2018

ACHIEVEMENTS

Scholarship: Received TFWS Scholarship based on MHT-CET score (90 percentile)

PROJECTS

Project Name — *Movie Recommendation System*

Built a movie recommendation system using Pandas, NumPy, and scikit-learn. Merged and managed data, applied similarity algorithms for user-input-based suggestions.

Project Name — *Covid-19 Information Center*

Developed a website (HTML/CSS) for Maharashtra residents, offering details on hospital beds, quarantine rules, and enabling vaccine registration and travel pass requests during lockdown.

Project Name — *Car price prediction system*

Built a comprehensive car resale price prediction system using the Random Forest algorithm, along with Pandas and NumPy.
